

There often comes a time in the struggle with pulmonary disease when the victim loses heart and gives up hope. The ambition to be up and around gives way before growing weakness, and the sufferer keeps to the bed.

No one who suffers from lung disease should lose heart or give up hope while there is a possibility of cure. In many cases Dr. Pierce's Golden Medical Discovery has cured lung "trouble" when the cough was obstinate and deep seated, with hemorrhage, cuaciation, night-sweats and general weakness. A great many men and women are living to-day in the full enjoyment of health and happiness who had been "given up" by doctors, but found a perfect and permanent cure in the use of "Golden Medical Discovery."

"My wife had bemorrhage of the lungs," writes W. A. Sanders, of Hern, Mason Co., W. Va. "She had ten hemorrhages, and the people all around here said she would never be well again. But she began to take Dr. Pierce's Gollen Medical Discovery and she soon began to gain strength and flesh. After taking ten bottles she was entirely well. Should you think this would do you say good to publish, just use it, and if any one disputes the merits of this almost omnipotent medicine they may enclose self-addressed envelope with stamp, and I will answer, the same as written in this letter."

MURDER CONFESSED.

A startling story was brought out yesterday at the inquest into the death of Marcus Rogers, whose body was found in the Walloomsack river at Bennington, Vt. Thursday, when Levi Perham, aged nineteen, confessed that the man had been murdered, and implicated himself and the wife of the dead man as the participants in the crime. Rogers, who separated from his wife several who separated from his whe section months ago, had his life insured for \$500 for the woman's benefit. He left Hoosic Falls last Tuesday morning, and was not seen again until his body was found in the river Thursday morning. A hat was found near the river, pinned to which was a note purporting to have been written by Rogers, in which the writer said that he had ended his own life, as there was nothing further to live for. At the inquest which was held yesterday afternoon several witnesses testified as to the relations between Rogers and his wife, their frequent quarrels, the movements of Rogers, &c., but the climax was reached when the Perham brothers, Levi and Boyd, were placed on the stand. Boyd, the elder, was first examined, and to the amazeset with the above ment of those in attendance directly
